**ANNUAL REPORT ON THE ADMINISTRATION OF THE WCPFC DATA ACCESS RULES
AND PROCEDURES**

WCPFC-TCC10-2014-RP07

16 September 2014

Paper prepared by the Secretariat

Background

1. This paper reports on the administration of the two set of rules currently in place, namely the:
 - Rules and Procedures for the Protection, Access to, and Dissemination of Data Compiled by the Commission; (2007 data RaP)
 - Rules and Procedures for the Protection, Access to, and Dissemination of High Seas Non-Public Domain Data and Information Compiled by the Commission for the Purpose of Monitoring, Control or Surveillance (MCS) Activities and the Access to and Dissemination of High Seas VMS Data for Scientific Purposes. (2009 MCS data RaP)

CCMs reporting on implementation of MCS data RaP, paragraph 44, covering 2013 activities

2. As with previous years, a question was included in the Annual Report Part 2 covering 2013 activities regarding CCMs implementation of paragraph 44 of MCS Data RaP. CCMs had the choice of answering “Yes” meaning the obligation has been implemented; “No” meaning the obligation has not been implemented; or “N/A” meaning CCM determined that the obligation is not applicable. CCMs also had the opportunity to provide further information on each obligation and/or attach any supporting documentations.

3. Seventeen CCMs answered “N/A” with regards to MCS RaP paragraph 44, 16 CCMs answered “Yes” and provided some further information while 5 CCMs have not submitted an Annual Report Part 2. Of the 16 CCMs that answered “Yes”, some provided further information in the lines of: CCM did not retain any non-public domain data received under the Rules and Procedures; no request was made for WCPFC non-public domain data; any data and information received are deemed confidential information and is not allowed to be disclosed; comply with data retention and destruction requirements in section 5; CCM have operating procedure in place for ensuring confidentiality of all VMS data including automated time-based removal of data from CCM server.

Register of Authorized MCS Entities and Personnel

4. 2009 MCS Data Rules and Procedures (2009 RaP) paragraph 12 require the Secretariat to maintain a register of Authorized MCS Entities and Personnel. This register is maintained on the WCPFC website, within the CCM secure section, and in the WCPFC Information Management System. Table 1 provides a summary of the notification of authorized MCS entities and personnel received by the Secretariat.

Access to WCPFC non-public domain data

5. The Secretariat has maintained its system of controls over approvals for access to data and information from the Commission. WCPFC non-public domain data can be disseminated only in accordance with the 2007 data RaP and 2009 MCS data RaP, and following the approval of the Executive Director. Copies of the approved “WCPFC data consideration request forms”, original request and implementation instructions are kept on the WCPFC Information Management System. These protocols all seem to have worked well with no known breaches occurring.

6. A register is required to be maintained by the Secretariat in accordance with paragraph 18 of the 2007 data RaP to record access to all WCPFC non-public domain data. The Secretariat provided a list of this register to TCC 9 in Annex 1 of WCPFC-TCC9-2013-RP06. This list is updated in Annex 1 of this paper.

7. CCMs may be aware that the individual CCM portals on the WCPFC website, which were used for the Secretariat to provide individual draft CMR and supporting documentation to individual CCMs, also includes WCPFC Official Contacts list which is updatable by each CCM. The Secretariat would note that the individual CCM portals does seem to provide the Secretariat and CCMs with some possibilities, which could allow CCMs to be able to more easily maintain their other WCPFC contact details such as details of MCS entities and Management Entities for the purpose of the WCPFC Data RaPs. The Secretariat intends to continue to explore these options.

Members and Participating Territory WCPFC data access 2013/2014

8. In 2013, the Secretariat received and processed sixty seven (67) requests from Members for specific WCPFC data, some of which related to multiple types of WCPFC non-public domain data. Twenty five (25) requests have been received from Members during 2014.

9. Annex 2 lists all the WCPFC client CCM logins which have been established within the WCPFC VMS system, for accessing WCPFC VMS data through SmartTrac software. Annex 3 provides a list of WCPFC data requests which were approved or actioned in 2013/14. It should be noted that despite some requests being standing requests for relevant WCPFC data, automated extraction and provision tools are yet to be developed for WCPFC data other than WCPFC VMS and ROP data.

Annex 1: Register of Access to WCPFC data by persons duly authorised by the Executive Director, within the WCPFC Secretariat and Service Providers, as well as Officers of the Commission (as at 15 September 2014)

The following register is being maintained in accordance with paragraph 18 of the **2007 Rules and Procedures for the Protection, Access to, and Dissemination of Data Compiled by the Commission**, which states...

4.3 Access to Non-Public Domain data by the Staff of the Secretariat, the WCPFC Service Providers and Officers of the Commission and its Subsidiary Bodies

18. Persons duly authorised by the Executive Director, within the WCPFC secretariat and service providers, including scientific experts engaged under Article 13 of the Convention, shall have access to the data necessary to perform their WCPFC duties. Officers of the Commission and its subsidiary bodies shall have access to the data necessary to perform their WCPFC duties. All such persons shall sign a Confidentiality Agreement with the Executive Director and maintain the data security standards of the Commission in respect of data to which they have access. The Executive Director shall maintain a Register of all such persons (including the purpose for which they require access to the data) and make the Register available to a CCM on written request.

There are general categories of access to WCPFC data by WCPFC staff and service providers. In accordance with paragraph 18 of 2007 data RaP, all Secretariat staff, including short term individuals working with the Secretariat, eg interns and temporary data entry staff have been required to sign a confidentiality agreement as a condition of their working with the Commission. Service providers have a confidentiality agreement as part of their contract with WCPFC.

The Commission has a secure web page that is accessible to Members for sensitive documents, non- public information for meetings or compliance information, such as Register of MCS entities and personnel Register, CNM applications and analyses, draft and Provisional IUU lists. Draft and Provisional Compliance Monitoring Reports, CCMs Annual Report Part 2 and High Seas Pocket Monitoring. In 2014, the Individual CCM portal pages were created (each CCM can access only their own pages and not that of others), and CCMs are provided with supporting information for draft CMRs, as well as an ability to maintain their official contacts list.

The following have access:

- WCPFC staff;
- Office bearers of the WCPFC and Subsidiary Bodies;
- SPC-OFP staff working on behalf of the Commission;
- Each Member or Territory according to their request.

WCPFC VMS SmartTRAC access

Login and password management of the WCPFC VMS system is maintained outside the Secretariat, as part of the SLA for the WCPFC VMS – with instructions provided by the WCPFC VMS Manager. Logins for CCMs to view flagged vessels in the high seas of the WCPFC area, were enabled in accordance with CMM 2007-02 (now CMM 2011-02) *Commission VMS*, and the WCPFC Standards, Specifications and Procedures for the WCPFC VMS. Access by coastal CCMs to VMS data related to the 100nm high seas buffer around their EEZ, was enabled in accordance with an approved request under the 2009 data RaP. Access by coastal CCMs to the in-zone VMS data was enabled in accordance with a notification in accordance with WCPFC9 decision, or prior agreements approved by the Commission.
